Catalog Description:

This course is for the intermediate/advanced dancer to create a better understanding and application of the exercise principles, theory, and history of the Pilates method with classical ballet barre and is designed to improve and enhance dance technique and performance. This course will include training for dancers in Pilates principles, terminology, alignment, breath, strength and flexibility exercises. Injury prevention, endurance and kinesiological awareness along with elements from classical ballet barre including plié, petite battement tendu, dégagé, rond de jambe, fondu, développé, grande battement, barre stretch in all positions and basic ballet terminology. Elements from Pilates may include but are not limited to mat work, ball, magic circle, theraband, foam roller and reformer. Proper breathing techniques will be emphasized.
