True North: Discover Your Authentic Leadership

Leadership is a Journey

A. The Journey of Authentic Leadership

Discover Your Authentic Leadership

A. Practicing Your Values and Principles
B. What Motivates You to be a Leader
C. Building a Support Team
D. Staying Grounded: Integrating Leadership to Your Life

Empowering People to Lead

A. Empowering Leadership with Purpose and Passion
B. Empowering People to Lead
C. Honing Your Leadership Effectiveness
Research Study

A. Research Study on Development of Authentic Leaders

The Three Laws of Performance

Three Laws of Action

A. Transforming an Impossible Situation
B. Where is the Key to Performance?
C. Rewriting a Future that's Already Written

Writing Assignments

- Students will be journaling and answer questions every week about different categories in their lives, i.e. (personal, economics, health, etc.) and relating it to the week's course material.
- Students will complete a personal development project. The project's focus is to transform one area in their life by strategizing a plan of action, incorporating concepts they have learned in the classroom, and tracking their progress through journaling.
- Students will have weekly reading assignments and complete exercises for the assigned book.

Out-of-class Assignments

- Conducting online research to trace the root cause of societal deficiencies and what solutions may already be in practice. The students must next connect with related organizations on how they can help contribute to their mission. The students must also analyze the results and determine what has not been addressed and how they can fulfill that vision.
- The students will present their case studies in the classroom and critique each other's work. Their final project will be submitted for grading afterwards.
- Students will organize a campaign focusing on an issue that has not been addressed. The students will enroll the community affected and create a bridge amongst individuals and outside organizations to create new stakeholders as a part of the service learning component.

METHODS OF STUDENT EVALUATION:

Midterm Exam
Final Exam
Written Assignments
Report
Projects (ind/group)
Problem Solving Exercises
Oral Presentations
Skills Demonstration

Demonstration of Critical Thinking:

Students will apply their learned concepts and critically analyze a case study. Students will compare and contrast historical leadership styles and their outcomes. Students will analyze different leaderships and will engage in designing their own leadership solutions to a current issue.

Required Writing, Problem Solving, Skills Demonstration:

Students will demonstrate their learning outcomes by linking the concepts through written assignments and oral presentations, using critical thinking and compare and contrast skills.
