4. Identify and analyze basic political systems and their differences.
5. Analyze political behavior in international affairs.

COURSE CONTENT:

LECTURE CONTENT:

I. Political Science as a field of study
   A. History of Political Science
   B. Subfields
      1. American Politics
      2. Comparative Politics
      3. International Relations
      4. Political Philosophy/Theory

II. Key concepts in Political Science
   A. Nations, States and Nation-state building
   B. Power and decision-making
   C. Institutions
   D. Political behavior

III. Political Science Methodologies
   A. Research methods
      1. The Scientific Method and types of political analysis
         a. Hypothesis
         b. Data Collection: The use of primary and secondary sources
         c. Data Analysis: Causation, Correlation and Regression
      2. Models of political analysis: Structural, Functional and Cultural
B. Political Science as a "science"

IV. Introduction to Political Philosophy/Theory - a Western approach
   A. Classic Liberalism
   B. Classic Conservatism
   C. Fascism
   D. Communism: Marxism, Leninism and Maoism
   E. Socialism: Revolutionary and Evolutionary Socialism
   F. Nationalism

V. Introduction to Comparative Politics
   A. Political Institutions and Institutional Arrangements
      1. Basic political structures (horizontal power distribution)
         a. Legislatures
         b. Executives
         c. Judiciaries
         d. Bureaucracies
      2. Basic political structures (vertical power distribution)
         a. Unitary states
         b. Confederation as a system of government
         c. Federation as a system of government

      1. Hegemony
      2. Bipolar Systems
      3. Multi-polar Systems
   E. Globalization and its effects on the International System
METHODS OF INSTRUCTION:

A. Lecture:
B. Online:
C. Independent Study:

INSTRUCTIONAL TECHNIQUES:

COURSE ASSIGNMENTS:
Out-of-class Assignments

Writing Assignments
Students will write a variety of written assignments focusing on current issues in political science
Students will evaluate well-known authors/articles and analyze their approach to political science
Students will participate in class discussions and present report(s) that analyze the basic political systems, political ideologies and models of political analysis.

Reading Assignments
Text Websites

METHODS OF STUDENT EVALUATION:
Midterm Exam
Final Exam
Short Quizzes
Written Assignments
Essay Examinations
Objective Examinations
Report

Demonstration of Critical Thinking:
On written assignments and/or essay questions, students will demonstrate the ability to evaluate and analyze the basic systems, ideologies and models of political analysis.

Required Writing, Problem Solving, Skills Demonstration:
Students will write a variety of written assignments focusing on current issues in political science
Students will evaluate well-known authors/articles and analyze their approach to political science
Students will participate in class discussions and present report(s) that analyze the basic systems, ideologies and models of political analysis.
