INSTRUCTIONAL TECHNIQUES:

COURSE ASSIGNMENTS:

Reading Assignments

1. Stage Costume Techniques. Reading assignments are ongoing in relation to topics being covered in class.
2. Play script
3. Primary and secondary source material dealing with costume for historical research.
4. Practical application of sewing, drafting, and decoration techniques.

Out-of-class Assignments

Crew assignments employ various concepts presented in class in actual play production circumstances. Observation of costumes during performance leads to an evaluation of the success of those costumes based on the criteria the student has acquired in class.

Writing Assignments
1. Demonstration through practical application skill proficiency in sewing and costume construction techniques.
2. Written assessments of historical periods of fashion, character evaluations, and director/designer concepts.
3. Problem solving through pattern drafting, sketch interpretation, fabric calculation, and design and selection of fabrics.

METHODS OF STUDENT EVALUATION:

Midterm Exam
Final Exam
Short Quizzes
Written Assignments
Essay Examinations
Objective Examinations
Report
Projects (ind/group)
Problem Solving Exercises
Oral Presentations
Skills Demonstration

Demonstration of Critical Thinking:

Critical thinking skills are continually used in the student's selection process when making choices in costume materials, techniques, and procedures that develop during the costuming process for a specific play. The student's ability to comprehend the various construction techniques presented in class and then synthesize them into a working methodology to effectively diagnose and solve unfamiliar problems will contribute to a development of an understanding of the working procedures in costuming.

Required Writing, Problem Solving, Skills Demonstration:

1. Demonstration through practical application skill proficiency in sewing and costume construction techniques.
2. Written assessments of historical periods of fashion, character evaluations, and director/designer concepts.
3. Problem solving through pattern drafting, sketch interpretation, fabric calculation, and design and selection of fabrics.
