   3. Identify interaction perils and prospects influenced by intercultural competence

METHODS OF INSTRUCTION:

A. Lecture:

B. Independent Study:

INSTRUCTIONAL TECHNIQUES:

COURSE ASSIGNMENTS:

Reading Assignments

Textbook
Journal articles
News articles
Short Stories

Out-of-class Assignments

Case Study Analysis
Responses to Guest Panel Discussions

Writing Assignments

Conduct and analyze an intercultural interaction involving the student and a member of another culture/ethnic group; present an analysis of a global or intercultural news event using course concepts; analyze critical incidents and intercultural misunderstandings; analyze a short story or movie, using course concepts to explain the cultural or intercultural interactions

METHODS OF STUDENT EVALUATION:

Midterm Exam
Final Exam
Short Quizzes
Written Assignments
Essay Examinations
Objective Examinations
Report
Projects (ind/group)
Problem Solving Exercises
Oral Presentations
Skills Demonstration

Demonstration of Critical Thinking:

Effective intercultural communication requires the critical analysis of a) cultural differences in beliefs and values, communication style, and their social and psychological effects, and b) how to modify communication to be more effective. Students are required to demonstrate these critical thinking skills in classroom discussions, written assignments, analyses of intercultural interactions and examinations.
Required Writing, Problem Solving, Skills Demonstration:

Conduct and analyze an intercultural interaction involving the student and a member of another culture/ethnic group; present an analysis of a global or intercultural news event using course concepts; analyze critical incidents and intercultural misunderstandings; analyze a short story or movie, using course concepts to explain the cultural or intercultural interactions
