METHODS OF INSTRUCTION:

A. Lecture:
B. Online:
C. Independent Study:

INSTRUCTIONAL TECHNIQUES:

COURSE ASSIGNMENTS:

Reading Assignments

Text
Websites
Research and discussions

Out-of-class Assignments
Research internet and various periodicals/articles on Forensics.

Prepare a position or report including summary of articles, analysis as to the usefulness of the content, and how it is relevant to the study of Forensics Accounting.

**Writing Assignments**

A weekly "real world" case study will require students to read, analyze, post responses to case relevant questions and discussions. Weekly quizzes will test comprehension of reading material from the textbook. A mid-term and final exam will be given to test course proficiency in subject material.

**METHODS OF STUDENT EVALUATION:**

Midterm Exam  
Final Exam  
Short Quizzes  
Written Assignments  
Essay Examinations  
Objective Examinations  
Report  
Problem Solving Exercises  
Oral Presentations  

**Demonstration of Critical Thinking:**

Students will be required to provide references as support for responses given to case related discussions including analyses of fellow classmates points of agreement and/or disagreement.

**Required Writing, Problem Solving, Skills Demonstration:**

A weekly "real world" case study will require students to read, analyze, post responses to case relevant questions and discussions. Weekly quizzes will test comprehension of reading material from the textbook. A mid-term and final exam will be given to test course proficiency in subject material.
