Skills Demonstration

Demonstration of Critical Thinking:
All behavioral objectives require critical thinking. Special emphasis will be given to the principles of argumentation and debate by utilizing the skills of critical thinking, including reasoning and motivation. In addition, students will use critical listening skills to analyze peer speeches and debates. They will utilize the analytical skills needed to build refutation by critically examining the arguments speakers present.

Required Writing, Problem Solving, Skills Demonstration:
1. Students will give persuasive speeches that include arguments to convince, arguments to actuate, an arguments of refutation. At least one speech will include the management of a question and answer forum. 2. Students produce written briefs/outlines of class speeches and debates. 3. Students will produce written and oral critiques of arguments. 4. Students will participate in impromptu debates on contemporary social and/or political issues.
