STUDY NON-CONTACT HRS RECOMMENDED: 108.0

CATALOG DESCRIPTION:
This course focuses on the development and refinement of the written and oral communication skills that are necessary for success in today’s dynamic business environment. Emphasis will be placed on solving simple-to-complex business problems through critical thinking, research, analysis, and evaluation. Students will communicate these results through effective planning, organizing, outlining, drafting, revising, and finalizing business documents. Oral presentation skills, employment preparation and job-search techniques are also covered. C-ID BUS 115

GE AND TRANSFER REQUIREMENTS MET:

COURSE LEVEL STUDENT LEARNING OUTCOME(S) Supported by this course:

1. exercise critical thinking and analytical strategies to define and solve business communication problems.
2. create business documents that pass the 7-C test for effectiveness (clear, concise, creative, credible, courteous, complete, and correct).
3. apply analytical skills by objectively and subjectively evaluating and critiquing one’s own writing and the writing of others.
4. collect, organize, and analyze data for informational, progress, justification, and feasibility reports; engage writing techniques that produce clear and concise informal report documents.
5. complete a formal research project to include researching and collecting data; synthesizing and organizing findings; developing conclusions and recommendations; and writing a multi-section formal report.
6. apply critical thinking and effective speaking skills by planning, organizing, writing, and delivering a 15- to 20-minute multimedia oral presentation on an appropriate business topic.
7. exercise critical thinking, research, investigation, and analytical and interpersonal skills by preparing for the employment process. Tasks in the employment process include identifying interests and goals, choosing a career path, evaluating qualifications, designing a persuasive resume and cover letter, conducting job market searches, and preparing for interviews.

COURSE OBJECTIVES:
1. Identify and solve business problems, then deliver the results using critical thinking to compose effective written and oral business communications.
2. Research, synthesize, and analyze data; present results in both formal and informal business reports.
3. Practice formal oral presentation skills.
4. Partake in the employment process by identifying professional interests and goals, choosing a career path, performing job searches, and preparing for interviews.
COURSE CONTENT:
LECTURE CONTENT:

A. UNDERSTANDING THE FOUNDATIONS OF BUSINESS COMMUNICATION
   1. Defining the communication process
   2. Identifying and overcoming barriers to effective communication
   3. Refining listening skills
   4. Improving verbal communications
