This course encompasses the study and exercise in the special techniques of acting for the motion picture and television cameras. Areas of study include development of basic on-camera acting techniques for film, video and television. Students are expected to participate in on-camera class exercises and improvisations, prepare memorized scenes and, orally and in writing, critique acting techniques and skills found in film, video and television productions. Emphasis will be placed on the audition process for commercials and TV/film technique along with the understanding of the various camera angles, shots, positions and actor behaviors unique to acting before a camera. Students are required to attend Golden West College Theater Arts Department productions.
